To the teacher or parents:

This workbook will help students practice writing the alphabet and work on initial sounds, hard consonants and short vowels.

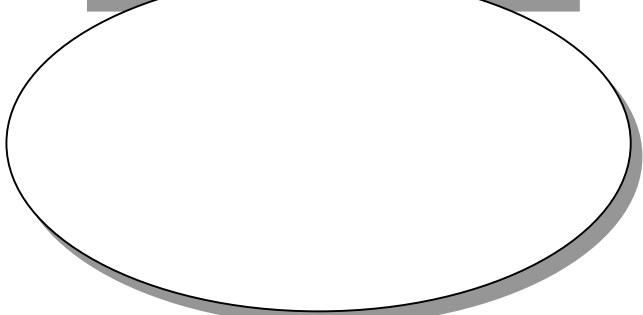

- Students should practice writing the letter. Have them say the letter as they write it.
- Ask the student how to read the letter.
- Look at the pictures and name each one.
- If the word begins with the letter the students are practicing, have them write the letter in the bubble.
- If the word doesn't begin with that letter have the students put an X in the bubble.
